10

Most Importantly...

	<p>Prioritize your health and safety and your participants' health and safety</p>		<p>Clearly communicate expectations to your participants, both verbally and in writing</p>
	<p>Do not try to replicate services (e.g., drug testing, treatment services) that have been discontinued in your area due to COVID-19 concerns</p>		<p>Follow the guidance of your local health departments and government officials</p>
